»When I came to Webster Vienna I had a lot of questions regarding payments. I went to the finance office where the Senior Finance Officer made me feel welcome. She was kind and made sure I completely understood everything. A small student to staff/faculty ratio is one of the best things a university can offer its students because it fosters productivity and aids students in attaining success. I am very happy that at Webster it is possible to have one on one conversations with the staff and professors.«

SPONSORSHIP
