Webster Vienna Training Scholarship (WVTS):
Project Proposal

**Department:** Language Center

**Description of the Language Center:** The Language Center (LC) serves the language needs of both current WVPU students, as well as non-students interested in the LC services. Currently, the LC staff consists of three tutors and one coordinator, who have experience in research across the humanities and social sciences.

**Term:** Fall 2020

**Estimated weekly workload in hours:** 10

**Scholarship Amount:** 50% of one UG/G 3-credit course per term

**Project Title:** Academic Literacy Project

**Project Description:** Academic language differs from everyday language. In order for university students to successfully engage in their fields of study, it takes exposure to, critical awareness of, and training in the academic language varieties in which knowledge is constructed and communicated. The goal of the Academic Literacy Project is to support students in different stages of their academic literacy development, to assist them in using their literacies most effectively to participate in the discourses of their respective fields, and to express their own ideas as active, independent, and critical language users. To achieve these goals, the Language Center will further develop and implement its one-on-one tutoring, course-specific working groups, and workshops.

**Project Leader:** Julia Ruck
