

# SMALL CLASS SIZES

## WHAT ARE THE ADVANTAGES

---

Webster Vienna's small class sizes ensure that our students get quality academic experiences while still staying safe and healthy by:

01

### PRACTICING

acceptable social-distance standards even with face-to-face teaching in small groups!

02

### RECEIVING

more one-on-one attention from the professor with our small faculty/student ratio of 1:17!

03

### GET TO KNOW EACH OTHER

Students at the Webster Vienna campus get to know each other better while having more time for face-to-face instruction!

UNIVERSITY

**Vienna**  
Private University

Even as the world faces an unprecedented crisis with the Covid-19 pandemic, Webster Vienna remains at the forefront by planning for and offering hybrid online classes – allowing students overseas who are unable to travel, the opportunity to attend synchronous and asynchronous classes through Webster Vienna's student technology platforms, online classroom resources, and virtual meeting software programs.
